The A.N.V.'s static camp will be set-up very similar to a regular reenactment. Passes will be required for all civilians to enter the military camps and all military to leave the military camps. We are encouraging, not requiring, all civilians to participate in the civilian town that is being set-up. Maggie Burke is the A.N.V.'s civilian coordinator. However, those battalions wishing to camp in the woods will be strictly military. Please list below the number of civilians that wish to camp in the town and list their tentage. This will help us to ensure that we have the required space.
